

IEMA – Environmental Sustainability Skills for the Workforce

Who should attend?

IEMA Environmental Sustainability Skills for the Workforce is perfect for those working in any job role, across all sectors. This one-day course is aimed at non-environmental specialists and designed to provide the learner with a practical introduction to environmental sustainability, so they are equipped with the knowledge, understanding and motivation to make a positive difference within their organisation.

Aims

To provide individuals with:

- ✿✿ An increased awareness of environmental risks and sustainability
- ✿✿ Understand how environmental risk links to economic risk.
- ✿✿ The knowledge of compliance obligations and the reasons for positive change.
- ✿✿ An understanding of the potential impacts on the environment and what can affect sustainability.
- ✿✿ An appreciation of how they can assist the business in improving environmental performance.

Content

The course includes:

- ✿✿ Defining environmental sustainability
- ✿✿ Understanding impacts and areas for improvement
- ✿✿ Legislation, regulation, regulators and enforcement
- ✿✿ Pollution causes, impacts and consequences including climate change and resource depletion.
- ✿✿ Practical actions employees can take to assist and improve performance
- ✿✿ Environmental management systems within your organisation and how these are used to manage risks and look for opportunities.
- ✿✿ Identify sustainable behaviours in the workplace
- ✿✿ Understanding environmental incidents and emergencies.

Number of delegates: minimum 6, maximum of 12

Duration and delivery: 1 day

Based in a training room the day is packed full of a number of interactive activities that are combined with a number of blended learning techniques leading to an extremely thought provoking and highly stimulating day.

- ✿✿ Short lectures
- ✿✿ Demonstrations
- ✿✿ Group discussions
- ✿✿ Interactive exercises
- ✿✿ Team activities

Successful completion of the course leads to an **IEMA-MPSKILLS Certificate of Achievement**
